WEEKLY UPDATE

May 29, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our facility's COVID-19 weekly update. As of today, we've had 19 residents and 14 staff members test positive for COVID-19. We have retested and have the 1st negative on all the residents in the Covid Unit. Since we have to have 2 negatives to be clear, yesterday we tested them again and will be waiting on a second negative. We have some of the staff that will be returning next week. We are still diligently cleaning and trying to keep your loved ones and staff safe.

We remain committed to protecting our residents and staff and seeing the number of COVID cases go down. As we previously reported, we will continue to implement and practice enhanced safety precautions recommended by our federal, state and local health officials, such as, only allowing essential personnel inside the facility, performing regular screenings for signs and symptoms of illness prior to entering the building, continually monitoring residents, performing regular deep cleanings, using PPE as recommended by the CDC, providing individual activities as opposed to group activities, implementing isolation protocols as required, and reminding and encouraging staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

As a reminder, we will continue to post updates on our facility website and we will individually notify representatives/families regarding a resident's condition if he/she tests positive for COVID-19 or is displaying symptoms of COVID-19. If you have any questions or concerns please contact us directly 806-355-8281.

Sincerely,

Janet Brown
