

WEEKLY UPDATE

6/5/20

Dear Residents and Families/Representatives,

As we approach summer and states are starting to reopen slowly, we want you to know that the staff at the Kirkland Court Health & Rehabilitation Center continues to work hard to prevent further spread of COVID-19 in our facility.

As of today, we have one resident that is positive for COVID-19. Twenty-one of our residents that previously tested positive have resolved and most of our staff are back at work. We still can't allow visitors in the building but are slowly trying to get things back to normal and look forward to the day that families can come see their loved ones. We are still diligently cleaning and will be deep cleaning the rooms before residents change rooms.

As a reminder, only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly 806-355-8281.

Sincerely,

Janet Brown
