

WEEKLY UPDATE

7/2/20

Dear Residents and Families/Representatives,

Please accept this letter as Kirkland Court's weekly update to keep you informed about the status of COVID in our facility and what we are doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

As we have previously reported to you, since the onset of this pandemic, we have had 32 residents and 21 staff members test positive for COVID-19. Our staff worked hard to stop further spread of the virus and we are happy to report that, as of today, **we have no confirmed cases of COVID-19 in our facility and this is our second week of being COVID-19 free!** We still recognize this is an extremely contagious virus and we will continue all efforts to prevent the transmission of COVID-19 in our facility.

Our facility continues to follow the CDC and our local health department's guidance for all appropriate precautions and preventative measures to protect our residents and staff during this pandemic, including visitation recommendations. As such, and in accordance with the guidelines available to us, we are still continuing restrictions on visitation at this time.

We realize how difficult it is not to be able to see your loved ones, and we continue to closely monitor the situation in hopes that we can reopen for visitation soon. However, it is our responsibility to make sure your loved ones are as safe as possible and reopening our facility to visitors too soon could increase our residents' risk of exposure to COVID-19. As such, and for the safety and well-being of our residents, please continue to reach out to your loved ones through phone, FaceTime, letters and e-mail and feel free to contact us directly if you need assistance facilitating that communication. You may also continue to call and set up a window visit for your loved one.

As a reminder, only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 806-355-8281.

Sincerely,

Janet Brown
